Beauty in function.

OMNIA is designed for durability and performance.

Expect exceptional thermal and acoustic properties when glazed with triple ($0.79 \text{ w/m}^2\text{K}$), double ($1.2 \text{ w/m}^2\text{K}$) or single glazed units. Benefit from augmented weather protection thanks to the double-rebated frames. And enjoy windows that glide open smoothly and close securely. OMNIA frames are also compatible with a wide range of precision engineered fixtures and fittings for quality windows that can last a lifetime.

We've designed more than five decades of market-leading experience and expertise into OMNIA.

So you can save energy and feel secure, without compromising on style.

Every detail considered.

With OMNIA, the real beauty is in the manufacturing details.

Using insights from leading fabricators, we've produced a comprehensive, true Double Flush suite that blends the time-tested features you expect from VEKA with pioneering thinking that will revolutionise your approach to window fabrication.

Invisible mullions

OMNIA windows can be constructed with invisible mullions, maintaining a sleek and unobstructive aesthetic both inside and out.

Mechanical jointing

OMNIA provides versatility and compatibility with leading jointing methods, offering enhanced structural integrity and long-lasting performance.

Rider block mechanism

Streamlines the assembly process, saving time and effort during installation.

70mm frame depth

A quick and simple retrofit solution offering greater flexibility, with hassle-free replacements or upgrades without extensive modifications to existing structures.

U Value as low as 0.79

OMNIA will deliver exceptional thermal efficiency, enhancing overall comfort and wellbeing of building occupants, while also contributing to sustainability efforts and regulatory compliance.

Beading options

Provides design flexibility to accommodate diverse aesthetics preferences, ensuring your windows and doors seamlessly blend with the surrounding environment.

PCE gaskets included

The PCE is co-extruded to the OMNIA profile during the manufacturing process, streamlining workflows and ensuring consistent quality across all installations.

Double rebates

The ultimate performance in sealing the aperture against the elements, providing superior weather resistance and durability.
